

RUBEN MAGDIEL

FRON-END DEVELOPER

ABOUT

Front-end developer who is comfortable working with JavaScript, HTML/CSS, especially React and Typescript, to deliver exceptional experiences. Looking for an opportunity to work for a company with a positive social mission for my future as a developer.

STACK

- HTML CSS3
- JAVASCRIPT
- REACT
- TYPESCRIPT
- NEXTJS
- NODE

PERSONAL PROJECTS

GREAT-QUOTES

A project I made with react, typescript, material UI and mongodb, to add quotes and comment them, I use hooks, requests to API react components. [View](#)

PORTAFOLIO

I made my portfolio with nextjs, typescript and chakra UI to show my works, my certificates more in depth and my social networks. [View](#)

In my code-pen you can find small components and projects that I made for my certifications and courses, you can access [here](#).

In my [github](#) you can see more projects I've done
